

“IUPEACENTER”

Iguazu Universal Peace Center

Purpose:

To consider Iguazu Waterfalls and their surrounding environment as

A location for the individual and group reflection, prayer for, and meditation on Universal Peace.

English Acronym: **IUPEACENTER** ('aɪ 'juː 'piː 'sentər)

IUPEACENTER Motto: **Consciousness, Peace, and Prosperity.**

Reasons:

Pulsation, Vibration, Sound, Magnetism, Balance, Order, Harmony, Beauty, Power, Abundance, Prosperity, Universality, and Synthesis are the qualities which Iguazu Waterfalls permanently radiate. Three of the kingdoms of nature—mineral, vegetable, and animal— are totally subordinated to these qualities, co-existing in perfect harmony and prospering thanks to them. The only kingdom not to be making a constructive use of these potentialities and not being subordinated to them is the human kingdom.

IUPEACENTER is a kind invitation and a loving call of conscience to let oneself become inspired, interpenetrated, magnetized, and stimulated by these supreme qualities being permanently present in the expression of Iguazu Waterfalls, so as to progress from ‘one’s passive admiration’ to ‘**one’s active and constructive integration**’ with this universal energy center, allowing Iguazu Waterfalls to elevate us and transform us positively, such as the water falling through them goes raised and subtilized from the liquid state to the gaseous in an explosion of Pulsation, Vibration, Sound, Magnetism, Balance, Order, Harmony, Beauty, Power, Abundance, Prosperity, Universality, and Synthesis.

On average, there flow through Iguazu Waterfalls **1 Million, 750 Thousand liters of water per second**, which is equivalent to **105 Million Liters of water per Minute**. Taking into consideration that we are **7 Billion** human inhabitants in the world, every minute, Iguazú Waterfalls deliver on average **0.015 liters of water per human inhabitant of the planet**. In projection, *Every Hour* there flow **0.9 liters of water** per person; *Every Day* there flow **21.6 liters of water** per person, and *Every Year* there flow **7,884 liters of water** per person. This is enough to provide abundantly for the *real needs* of water that all human beings have throughout our life. As such, Iguazu Waterfalls constitute an expression and symbol of **Abundance, Prosperity, Equity, Universality and Synthesis**.

Iguazu Waterfalls are an expression of Beauty, Natural Order, Harmony, Abundance, Prosperity, and Equity (they offer the same and in the same measure to all kingdoms of nature), for they are what they are and radiate what they radiate in all directions equally owing to their abundantly giving with no stop, their giving in to the constant flow of life without opposing any resistance, and their allowing everything to pass through them without seeking to withhold or possess anything.

The water's impact in its falling generates—on the basis of the same average volume of flow—the following energy which is permanently released into the environment (Measure expressed in **Kilowatt-Hour—kWh**—and **Megawatt-Hour—MWh**):

233.3333333 kWh per Second = 14,000 kWh per Minute = 840,000 kWh per Hour = 20,160 MWh per Day = 7,358,400 MWh per Year.

Symbol of IUPEACENTER:

The symbol of IUPEACENTER is an Electric Violet Dot around which there lies an Equidistant Circle in the same color. Its meaning is as follows:

- 1) The **Central Dot** represents “Iguazu Waterfalls,” and the **Involving Equidistant Circle** represents the Sphere of the entire world lying equidistantly—taking Iguazu Waterfalls as its “Universal Peace Center”—thus integrating and synthesizing equally all of the human beings from every latitude, sex, race, color, and belief. All at once, this Universal Sphere integrates and synthesizes equally all 4 kingdoms of nature and all the beings from these four kingdoms. All come to IUPEACENTER (Iguazu Waterfalls) attracted by the magnetism of its vibration, and all go back to their point of departure carrying the blessing, energy, and message of the Universal Peace Center, thus emulating the natural

pulsation of the Falls that attract the water flow to then release and propel it as the *great natural heart* that They compose and are in Themselves.

- 2) The *Central Dot* represents “Iguazu Waterfalls,” and the *Involving Equidistant Circle* represents the entire “Iguazu National Park”—both, Argentinean and Brazilian sides altogether—with its 2,500 km² (252,982.20 Hectares) of Paraná’s Subtropical Rainforest having Iguazu Waterfalls as their own center.
- 3) The *Central Dot* represents every visitor reaching Iguazu Waterfalls and the *Involving Equidistant Circle* represents the Life Sphere and the personal world of each visitor who becomes a “Universal Peace Center” themselves at the contact with the qualities of *Pulsation, Vibration, Sound, Magnetism, Balance, Order, Harmony, Beauty, Power, Abundance, Prosperity, Universality, and Synthesis* being expressed by Iguazu Waterfalls.
- 4) The *Central Dot* represents the “**Pulsation sprung off the impact of the water falling upon the magnesian and ferrous basalt**” producing an electromagnetic throb of a high frequency which is *Spherically* sent forth in all directions equally. The *Involving Equidistant Circle* represents “**the whole world as a Universal Sphere**” which receives the vibration of that electromagnetic pulsation. All at once, the *Central Dot* represents “**the very Pulsating Heart of each visitor and each being from all the kingdoms of nature**” throbbing in unison with Iguazu Waterfalls, whereas the *Involving Equidistant Circle* represents the “**Life and Sphere of Expression, Action, and Influence of each being from all the kingdoms of nature**”.
- 5) The Electric Violet color represents:
 - a) The “Equilibrated Integration and Synthesis between the female energy ‘*Blue*’ and the male energy ‘*Red*’” being present throughout the universal nature.
 - b) The “Equilibrated Integration and Synthesis between East ‘*Blue*’ and West ‘*Red*’.”
 - c) The “Equilibrated Integration and Synthesis between the color ‘*Blue*’ of the Sky and the color ‘*Red*’ of the soil of the geographical region where Iguazu Waterfalls are located,” thus signifying the *Integration, Balance, and Synthesis* between the spiritual dimension and energy of the ‘Sky’ and the material dimension and energy of the ‘Earth’.
 - d) The ‘*electric*’ quality of the violet color represents the Energy and Light of the Sun (so predominantly present across the region of Iguazu Waterfalls) which vitalizes and illuminates both dimensions, the ‘*celestial*’ and the ‘*terrestrial*’, as well as the ‘*electromagnetic vibration*’ sent forth by Iguazu Waterfalls.

What IUPEACENTER is not

IUPEACENTER is **no** political, religious, institutional, ideological, commercial, tourist, or business initiative or project.

Omar Nahúm Sheikha.
